Compact Writing Shelf Assembly

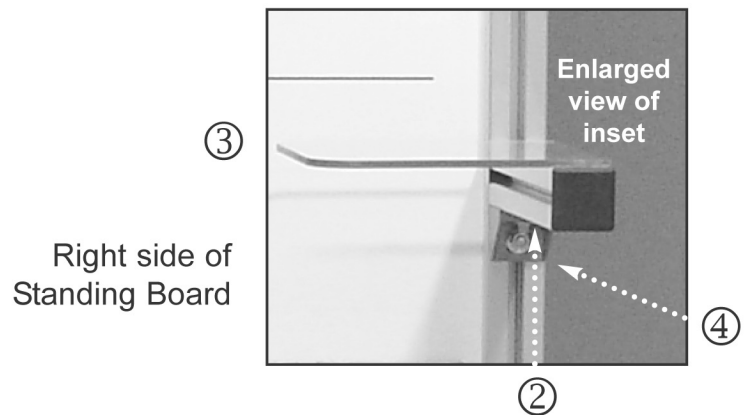

Parts Supplied:

- 1 Writing Shelf Assembly
- 1 Small Angle Bracket
- 2 T-Bolts and Nuts

Tool Required:

- 13mm Box or Socket Wrench ⑤

Instructions:

1. Face the front of the standing board.
2. Insert a T-Bolt through top hole in Angle Bracket and into bottom T-slot at uncapped end of shelf assembly arm. Make sure nut is flush with end of bolt. Tightening nut will rotate T-Bolt 1/4 turn locking it into proper position for assembly.
3. Position shelf assembly at desired writing height on right front side of board frame.
4. Insert a T-Bolt through hole in Angle Bracket and into frame slot. Make sure nut is flush with end of bolt. Tightening nut will rotate T-Bolt 1/4 turn locking it into proper position for assembly. (Line on end of T-Bolt is perpendicular to slot when in proper position.)
5. Using your 13mm wrench, tighten each nut until resistance is felt, then tighten about 1/3 turn to secure in place.
